## LIBRARY FINANCES IN GOOD CONDITION

More Than \$10,800 on Hand for Operating Expenses in 1923.

Finances of the Janesville public library are in excellent condition, with a balance on hand reported at the end of 1922, which with the \$8,800 appropriated for 1923, should be more than enough for operation of the institution this year.

The annual report of the library was filed, Wednesday, with City Clerk E. J. Sartell by P. L. Clemons, president of the Library board, and Librarian Jennie A. Hufsch, secretary. It will be presented to the council, Monday night.

The library had \$1,144 on hand at the beginning of 1922 and to this amount had been added appropriations of \$9,000, of which \$8,800 was for 1922 and \$200 for 1923. The report shows that the library had \$1,144 on hand at the beginning of 1922 and to this amount had been added appropriations of \$9,000, of which \$8,800 was for 1922 and \$200 for 1923. The report shows that the library had \$1,144 on hand at the beginning of 1922 and to this amount had been added appropriations of \$9,000, of which \$8,800 was for 1922 and \$200 for 1923.

## 150 Attend Two Y. W. Parties; All Classes Postponed

More than 100 junior high school girls attended the Girl Reserve Valentine party in the high school cafeteria, Tuesday night. The program included a number of games and a contest for the prize of the heart guessing contest. Ruth Bolles carried off honors in the advertising contest.

The monthly dramatization of the month of the year by groups whose birthdays occur in the different months, respectively, was an interesting feature of the evening. February won the first prize and May, second. Miss Marion Hamlen, general secretary, and Miss Allen P. Lovejoy, Jr., girls' chairman, were assisted by the committee of Girl Reserve advisors. Miss Eunice Nelson, high school dean of girls, gave a short talk.

**Rock River Girls at Y. W.**  
Fifty employees of the Rock River Woolen Mills were entertained by the office staff of the company at a party in the Y. W. C. A. Tuesday night. Miss Jenn Stabler and Lillian Connell were the committee in charge. The following program was given: Dance, "Life of Thomas Jefferson," high school piano selections, Miss Celia Browning; readings, Misses Dorothy and Wilhelmina Cook; cornet solo, Earl Bellard; talk, Miss Marion Hamlen. Games and contests were also engaged in, prize winners being: Misses Jewell Daley, Elizabeth Moore, and Mrs. Anna Myers. Refreshments were served.

**Classes Are Postponed**  
With the exception of the class in Italian cut work, which meets Friday night, the opening of all second term educational classes at the Y. W. C. has been postponed until next week on account of the severe weather and the prevalence of illness among those who have registered. The first class in Italian cut work which she studied in Italy and the class registration is nearly filled. Only a few more members will be accepted. The class in health, which will have its first meeting next Tuesday night, Miss Rose Golden, superintendent of Mercy hospital, is to give a series of six lectures on the subject of health, which will be especially helpful to older girls and women.

Bowling captains will meet Wednesday night to arrange for a bowling tournament. The Executive council of the Y. W. Athletic association will meet Friday night. Gym classes will be held the rest of the week, as scheduled.

**\$2.00 BLANKETS FOR \$1.39.**  
Handsome pink, tan, blue or grey plaid blankets, made from fine quality cotton, on sale Thursday at \$1.39 each blanket. Second floor.  
J. M. BOSTWICK & SONS.

## Cash Says Branch Office Possible

Several times during the past three years, the Wisconsin Telephone company has made unsuccessful attempts to establish an agency on the west side of the river for the convenience of patrons for paying their telephone bills. W. M. Cash, manager said today, referring to the publicity given the fact that an attempt is now being made to establish a pay office.

"We don't have more luck than I have had in the past. I don't think our present efforts will be successful," said Mr. Cash who pointed out the necessity of the telephone company keeping a service line out of the large expansion program put through here. A branch office will not be established unless an amicable agreement is reached on the financial end of it.

The Wisconsin Telephone company has found in other cities that few people take advantage of a branch office, said Mr. Cash, but for the few who will be glad to establish a branch office if arrangements can be made.

In Milwaukee, the telephone company, with other utilities, has worked out an arrangement whereby patrons could pay their bills in many different branch offices.

## HI-Y SCHEDULE FOR SEMESTER PREPARED

At the weekly meeting of the Hi-Y club, Wednesday night, at the Y. M. C. A. the program committee will present the schedule for the remainder of the year which has been arranged. "Leadership" (Friendship), "School Spirit" remain for February, while the March programs are "Teamwork," "Amusements," "Father-Son" and "A Young Fellow's Opportunity."

For April, "Politics," "Employee and Employer," "Community Life" and "Mother-Son" programs have been arranged, and for May the subjects and dates will be decided by the committee. It is expected that Miss Doane will return to this city in a short time. A letter received by Miss Mary Barker states that Mrs. Doane is now out of danger but still in the hospital.

## GIRLS COUNCIL TO MEET ON FRIDAY

The Council of Girls' Agencies will meet at the Y. M. C. A. at 2:30 Friday afternoon. Miss Margaret S. Doane, community girls' work secretary, will not be present as she is still in Wyoming at the bedside of her mother. Several matters of importance are to be discussed. It is expected that Miss Doane will return to this city in a short time. A letter received by Miss Mary Barker states that Mrs. Doane is now out of danger but still in the hospital.

## OBITUARY

**Mrs. James Doe**  
Mrs. James Doe, 75, died at her home, 220 Center avenue, at 11 a. m. Tuesday.

Mrs. Doe had been in failing health for about two years but her death was directly due to a stroke of paralysis suffered about five weeks ago.

She had lived in Janesville nearly all her life. She was married twice, first to John Nelson, a well-known railroad man here, who died about 20 years ago. Two sons and two daughters were born to this union. The two sons died early in life, while one of her daughters, Mattie Ironsides, died about two years ago. The other daughter, Mrs. W. C. Van Kirk, Chicago, was at her mother's bedside at the time of her death.

She leaves to mourn her death her husband, James Doe; a daughter, Mrs. W. C. Van Kirk; one sister, Mrs. Mary E. Blokmann, Colorado Springs, Colo.; and many friends and relatives.

The funeral will take place at 9:15 Thursday morning from St. Mary's church. Interment will be in Oak Hill cemetery. The pallbearers will be J. Walker, Thomas Burns, James Crowley, Walter Seltz, George Drummond, and W. Murray.

**Funeral of Mrs. Julius Marks.**  
The funeral of Mrs. Julius Marks, Mineral Grove, will have been held at 2 p. m. Wednesday was postponed because of the death of the body was taken to Oak Hill chapel where it will be kept until weather conditions permit shipping it to Darlington where burial will be made.

**Funeral of Mrs. Anne Learned.**  
Funeral services for Mrs. Anne Learned, 414 N. Main, were held at 11 a. m. Wednesday, at the home of her niece, Mrs. D. W. Holmes, 420 East street, Janesville. Miss Carrie Rogers, first reader of Christian Science church, conducted services.

The funeral party was unable to go overland to Ft. Atkinson with the body because of the storm. Burial will be postponed until the rains are passable.

**Funeral of Lyle Avery.**  
Funeral services for Lyle Avery were held at 2:30 Tuesday afternoon at Trinity Episcopal church. The Rev. Henry Williamson officiated. Burial was in Oak Hill cemetery. Pallbearers were Frederick Nall, and John Schunacher and Roy Bell.

**Lake Geneva**—Charles Dahn, 39 one of Lake Geneva's oldest citizens, died at the home of his daughter, Mrs. Frank West Sunday and was buried Tuesday in Oak Hill cemetery. Lake Geneva, Mrs. Fred Madison and Mrs. Frank Martin are two of his daughters.

## FIRST CHEVROLET CAR IS COMPLETED

(Continued from Page 1)  
The end of the two conveyor lines offered a view of the morning which boded good for the future of Janesville for the trucks were 20 partially completed cars with the bodies on, and down further were chassis being assembled with one to one auto others were being riveted.

**Organizing Sales Force.**  
A. P. Young, sales manager for the Janesville division of the Chevrolet Motor company, has arrived to take charge of the organization of a sales force and there are now more than 10 working. Mr. Young is finding salesmen a scarce article but gradually hopes to make additions until there is a force of from 100 to 150 men working out of the Janesville office and covering the northwest.

The cars from the Janesville plant will be principally to Wisconsin and the upper peninsula but some will be sent to Minnesota, Illinois and Montana.

Three to four hundred dealers will be supplied with Chevrolets assembled in Janesville, it was said, and it is expected that 200 men will come to this city daily to drive the cars home. The demand for Chevrolets is such that this method of delivery is being used in many plants.

Regarding the weather, Mr. Young said that these men will come one day, stay over night and drive the cars home the next day, bringing thousands of dollars additional to Janesville yearly.

**Regular meeting of the River Engraving Club**—A Chicago and North western passenger train, running between Green Bay and Milwaukee, has been stalled near Denmark, about seventy-five people being forced to leave the coaches and go to Denmark where they are being taken care of. Two relief trains have been dispatched to the scene although the heavy snow made a clearance almost impossible.

**LODGE NEWS.**  
Regular meeting of the River Engraving Club, 3rd Odd Fellows, will be held at 7:30 Friday night in East Side hall. The Patriarchal degree will be conferred.

Regular meeting of Janesville chapter No. 58, A. O. U. W., will be held at 7:30 Thursday night at Masonic temple. Work in the P. M. and M. E. degree.

## Does the Tax-Collector call at night?

The tax which nobody can afford to pay is the tax which is assessed against health.

When nerves are a-jangle and the night's rest is disturbed, health is paying a tax which cannot safely be continued.

People who drink coffee and tea often find there's a tax to pay for the nerve-stimulation they've had from the drug, caffeine, which coffee and tea contain. Night-time restlessness, daytime drowsiness, nervous irritation and headaches are common forms of the first payments.

Postum comes in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

The two forms are equally delicious; and the cost is only about 4c per cup.

There's an easy and delightful way to avoid the tax, through Postum instead of coffee or tea. Postum is fully satisfying to taste, with all the comfort and pleasing flavor which a hot, mealtime beverage can give—and without any possibility of harm to nerves or digestion. As many cups as you like with any meal.

It would be wise for you to stop tax-payments to the coffee and tea drug, and enjoy the kindness and comfort of Postum. Begin today, with an order to your grocer.

**HEALTH PRODUCTS**

Postum comes in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

The two forms are equally delicious; and the cost is only about 4c per cup.

## CITY NEWS BRIEFS

Pushing of fires as a result of the wave of zero weather was accounted for two calls answered by the department Tuesday night. Both chimneys were extinguished without loss. The first was at 6:15 at the building at George Kapli, 12 South Franklin street; and the second at 7:30 at the home of J. E. Hall, 418 South Washington street. Despite the sub-zero weather of Wednesday there were no fire alarms up to 1 p. m.

**At Lutheran Meeting.**—The Rev. T. C. Thorson, pastor of the First Lutheran church went to Chicago, Tuesday, to attend the three day annual meeting of the Eastern Lutheran church conference, which is composed of Northern Illinois and Southern Wisconsin parishes.

**Condition No Better.**—Little change was reported, Wednesday, in the condition of Miss Freda Zimmerman, Janesville, critically ill in St. Joseph's hospital, Chicago, with influenza. She suffered a relapse, Tuesday.

**School Judgment.**—Judge E. L. McNeil awarded judgment, Wednesday, in favor of the Schuller-McKey Lumber company against Willie McDermott on two promissory notes. Henry Carpenter represented the plaintiff.

**In Bankrupt Company.**—Several Janesville people own stock in the Winthrop Motors company, Inc., Kenosha, which has filed a petition in bankruptcy at Madison. The railroad commission conducted a hearing here several weeks ago on the sale of Winthrop securities.

**Start Circus Practice.**—In place of the usual gymnasium period Thursday after school, Junior A's and B's of the Y. M. C. A. will have a circus drill and game period. Wednesday afternoon there was a special indoor baseball game. A swim will follow the Thursday event.

**Have Two Programs.**—Supt. F. O. Holt, who will be in charge of the high school assembly, Wednesday morning, on caring for property. He told of the honor plan that will be worked out, all lockers being left unlocked unless it is found necessary for each child to have a padlock. The bands played for the junior assembly.

## ZERO WEATHER IN SOUTHERN WISCONSIN

(Continued from Page 1)  
Heavy snow, wind, and huge drifts.

The fires which destroyed the Swedish Lutheran church, Sunday, were caused by a gas leak from a partially burned small residence, did damage totalling approximately \$40,000. The damage to the candy kitchen is estimated at \$13,000, and at the church \$6,000.

A carelessly thrown cigarette butt and the overheating of a heating plant are given as the causes for the fires.

One man, J. C. Kelley, 72, was found dead on a local viaduct. Death was due to heart failure, caused in the man's desperate effort to battle the wind which swept his hat from his head.

Practically all trains, passenger and freight were paralyzed by the light, railway lines operating into Superior and Duluth. Today the high wind had abated but extreme cold weather gripped the territory. The temperature was reported to be under 15 below.

**TRAIN STALLED AND  
35 PEOPLE SEEK HAVEN**  
Green Bay—A Chicago and North western passenger train, running between Green Bay and Milwaukee, has been stalled near Denmark, about seventy-five people being forced to leave the coaches and go to Denmark where they are being taken care of. Two relief trains have been dispatched to the scene although the heavy snow made a clearance almost impossible.

**LODGE NEWS.**  
Regular meeting of the River Engraving Club, 3rd Odd Fellows, will be held at 7:30 Friday night in East Side hall. The Patriarchal degree will be conferred.

Regular meeting of Janesville chapter No. 58, A. O. U. W., will be held at 7:30 Thursday night at Masonic temple. Work in the P. M. and M. E. degree.

## School Secretary Dies Suddenly of Heart Failure

Miss Gladys Pierce, 25, only daughter of Mrs. Albert Pierce, 515 Prairie avenue, died suddenly at 3:30 Wednesday morning, having been taken ill on Milton avenue at 9:30 p. m. Tuesday, when returning home.

Miss Pierce, with her mother and Robert Smith, were dinner guests at the home of Mrs. E. C. Gove, 232 North Washington street. She took her mother and Mr. Smith home in her car and after putting it in the Stripline garage, started to walk home. Feeling faint, she kept on until she came to the home of David Clark, 503 Milton avenue where she entered to order a taxi. Mrs. Clark said that for several moments Miss Pierce was unable to talk and that Mr. Clark assisted her into a taxi which took her to her home.

Heart failure was given as the cause of death, although Mrs. Pierce said that her daughter had never been ill or suffered with any form of heart trouble before.

For three years Miss Pierce was secretary at the vocational school here where she came in contact with a large number of people who will remember her for her pleasing and happy manner.

She is survived by her mother; a cousin, Mrs. T. P. Shreve, Cullen apartment, Milton; her sister, Mrs. E. C. Gove, who has filed a petition in bankruptcy at Madison. The railroad commission conducted a hearing here several weeks ago on the sale of Winthrop securities.

**TRAIN SERVICE IS  
DEMOLISHED, AUTO  
TRAFFIC TIED UP**  
(Continued from Page 1).

This was No. 512 on the Northwestern due here from Duluth at 6:15 a. m. and was not expected to reach this city until 5 p. m. Train 522 on the C. & N. W. from the Dakotas, due here at 5:15 a. m., came in at 10:55 a. m. The 8:55 a. m. train from Minneapolis and St. Paul was not expected at noon to reach Janesville until 2 p. m., more than four hours behind time. The train due in here at 10:55 a. m. from Chicago to Minneapolis, was delayed an hour.

**Delivery of mail to rural residents on two routes out of Janesville and five out of Evansville was prevented, Wednesday, by the great drifts on country roads which forced the mail carriers to turn back. In Janesville, H. A. Palmer, who has stuck to his horse and buggy as a mode of travel all the winter, has been forced to stop his mail after covering five miles. Knute Grunmyr, whose route is west of Janesville, covered 16 miles, Wednesday, and had to stop because he couldn't get through the drifts six miles from Janesville.**

At 1:30 several carriers had not reported and it was feared they were battling through the snow in an attempt to get the last piece of mail delivered.

The five rural carriers out of Evansville who were prevented from mail delivery were: C. C. Hodge, Bert Hangerford, Mrs. Bert Hangerford, Charles Kelly and Charles Weaver. The Evansville postoffice, under the condition of the roads blocked with snow to be the worst in that vicinity in four years.

Thermometers in that city registered 8 to 10 below early in the morning and around two below at noon.

**Trrolley Service Impaired.**  
Riding on a Janesville street car, Wednesday, was like being carried on a slow freight. It wasn't the fault of the street car company, however. Few people living in the outer districts of town walked and they eventually were brought downtown to work on the street cars. The big sweepers of the traction company were ineffectual in keeping the tracks clear so that the cars got a poor connection, with the result that the cars just crept along.

The switches trouble was experienced in making the turns and several times the street cars went off the tracks. It was a busy night for Charles Murray, superintendent.

The street car company's emergency management to maintain its schedule between Janesville and Beloit despite the storm and only one car was reported late. This was the car

due in here at 5:15 p. m. Tuesday, which was nearly an hour late because the air brakes were frozen and stopped at Eastern avenue and went back with the 6 o'clock car.

Sweepers patrolled the lines all night so that service might be resumed according to schedule. Wednesday morning, when cars were running on time.

**Lights Off 40 Minutes.**  
Part of the downtown district including West Milwaukee street up to the bridge was in darkness for 40 minutes, Tuesday night, because of the storm. The trouble started at 7:18 when all electric lights on Center avenue, Washington street and Monterey district in addition to part of the public speaking platform, were turned off. The West Madison street district was back on the line at 7:45 and the rest 15 minutes later.

Several live homes in the Springfield district were forced to use gas candles or lamps for the evening, the current not being switched on there until morning.

The Wisconsin Telephone company had but one case of trouble and that was on the toll line, Wednesday morning. Communication with other cities in southern and southwest Wisconsin showed the prevailing temperature ranging from 3 to 12 below zero with the high wind velocity as the predominant factor in the coldness felt by residents everywhere.

**LITTLE INTEREST IN  
DEBATES THIS YEAR**  
Little interest has been displayed this semester at the high school in debating, and at present, according to Miss Mildred Mandell, head of the public speaking department, there is no activity in that line. Miss Mandell has classes practically every hour in the day in public speaking, it being part of the English work, and she is also working up interest in orations and declamations for the spring contests.

**LITTLE INTEREST IN  
DEBATES THIS YEAR**  
Little interest has been displayed this semester at the high school in debating, and at present, according to Miss Mildred Mandell, head of the public speaking department, there is no activity in that line. Miss Mandell has classes practically every hour in the day in public speaking, it being part of the English work, and she is also working up interest in orations and declamations for the spring contests.

### The Janesville Gazette

GAZETTE PRINTING COMPANY, Owners.  
HARRY H. BILLES, Publisher. S. C. HENSON, Editor.  
201-203 E. Milwaukee St.  
Entered at the Postoffice at Janesville, Wis., as Second Class Mail Matter.  
Full Length Wire News Report by Associated Press.  
BUSINESS OFFICE OPEN SATURDAY EVENINGS.  
Telephone All Departments 2500.  
SUBSCRIPTION RATES.  
In Janesville.  
By carrier, 15c per week or \$7.50 per year.  
By mail in Rock, Walworth, Jefferson, Green and Dane counties:  
3 months \$1.50 in advance.  
6 months \$2.75 in advance.  
12 months \$5.00 in advance.  
By mail in second, third and fourth classes, \$7.50 per year in advance. In fifth, sixth, seventh and eighth classes, \$5.00 per year in advance.  
MEMBER OF THE ASSOCIATED PRESS.  
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also local news published here.  
The Gazette prints special events when they are news. The following items are chargeable at the rate of 20 cents a count line, averages 5 words to the line: Obituaries; Wards of Courts; Notices of any kind where a charge is made to the public.

### GAZETTE PLATFORM FOR 1923.

Election of a council of seven to back up the city manager form of government, authorized by Janesville in order to insure its efficient operation.  
Continuing effort to secure for Janesville a modern hotel so that this city may take care of many conventions as well as the traveling public.  
Making the Rock River park in every way a delightful playground for the people of the city.  
Establishment of a city hall, including a city court and outdoor sports place, bathing beaches and all the necessary arrangements for making the park a popular recreation place for Janesville.  
Clean up the bootleggers and blind tigers and make the city a law-abiding community.  
Establishment of a real estate mortgage company to make the building of homes more easy and economical.  
Additional room in the post office by building an annex.  
Initiating a bond-building program so that the farmer and taxpayer will be the greatest beneficiary.  
Traffic regulations that will reduce reckless driving and the number of deaths from auto accidents.

### WHEN THE MAINE WAS BLOWN UP.

It is 25 years on the 15th of February since the Maine, finest of the battleships of the American navy, was blown up in the harbor at Havana and started a train of conflict which ended with a remarkable change in the political geography of the world. We have remembered but not celebrated that day. There is nothing over which to rejoice—much to make a nation sad. That explosion ended the lives of 266 sailors and marines.  
To this day no one may say in all truth just what caused the Maine disaster. It may be that one could guess or make an estimate of the cause but to be able to say "I know," has never been possible. The commission said it was from without and that consolidated the belief that it was done by an enemy. There never was a connection established between the Spanish government and the explosion. Nor was the guilt of a group or individual ever fixed.  
But it was the beginning of a chain of circumstances that changed the whole national policy of the United States and resulted in such far sweeping changes in the Spanish nation as well as in our own that we have never quite gone back to the original position. In its results too, it was far more important to us than the World War. We did not go to war with Spain over the Maine alone. It was the emphasis of the event that called greater attention to the condition of Cuba under the despicable Weyler with his reconcentrado camps and his iron rule. It was from Feb. 15 to April 19, 1898, that the temper of the American people rose to the height eventuating in a declaration of war.  
That conflict will not be soon forgotten. It was a baby war in comparison with the World War. But it disclosed the shameful unpreparedness of a nation—in camps, in equipment, in ships and in methods to care for large bodies of men. The 20,000 who went to Santiago, half drilled and unprepared fought valiantly against the old seasoned troops of the Spanish army, and won a victory. The generals were used to snug berths in army posts or had been commanders of small units of men chasing renegade Indians. They had no experience in commanding brigades or divisions. Camps were without proper surgical and medicinal supplies and outfits. Typhoid broke out, was carried to Cuba and killed several hundred men. That is recalled now because we are under the constant attack of the propagandists who want the army cut to the lowest skeleton, the auxiliaries which make it possible to have a fighting unit practically eliminated and ultimately to arrive at the same disgraceful situation we found ourselves in when landing in Cuba with three days rations, no artillery and little camp equipment.  
But the undaunted volunteers and the few regulars fought their way to victory and across the sea Dewey was making history and new political geography.  
Spain ceased to be a great maritime power and her colonial empire was lost forever. But we learned nothing from the war. We scrambled and ran around wildly when called upon again without having made any preparations for another war. No man can ever say what is going to happen and it is better to be ready than it is to kill men in camps with disease because we are unprepared.  
It is well to recall the Maine at this time. It is not an occasion for celebration of this, the 25th anniversary of the war. We can do that on July 4th which was the day after the battle of Santiago—but not now. It is a day for memorial, not of joy.  
If city management is to be a success it should be in the hands of its friends and not its enemies.  
With the dates and the program arrangements for the Midwinter exposition fixed and made, the county may look forward to an unique and notable exhibit of farm products and a series of entertainments for the last day of the month and the first three days of March. It is well to put these in the note book of important days for Rock county.  
These things go in pairs—Fashion in man's pants is to have galuses again and Michigan wants to bring back the galleons.  
Janesville is once more to have the outstanding in concert music. This was emphasized by a letter to the Gazette printed in "Why I Like Janesville," calling attention to the advancement made by the city this year in providing the very

### Rats Multiply and Grow Fat

By FREDERICK J. HASKIN  
Washington.—The modern Pied Piper, J. L. Nicholas, was in town the other day and he brought the sad news that rats are on the increase. Given with all the rat killing campaigns and with the interest of the public aroused, these pests are flourishing. Rats are being killed by the million, but the surviving mothers, sisters and cousins and aunts, energetically offset the tribal losses by building up new and widening family circles.  
Mr. Nicholas is not a gloom dispenser. For seven years he has conducted rat killing campaigns. He has swatted the rat cheerfully and with telling effect. He says that last year he rid the country of 10,000,000 rats, by government count. But the outlook is that, theoretically, if the rat population increases for the next 100 years as it has in the last 15 years, the rat will destroy the human race.  
Mr. Nicholas shows that in 1910 rats in the United States destroyed \$30,000,000 worth of food and other property. In 1916, the amount was \$180,000,000. In 1919, \$300,000,000; and this year rats are expected to do \$1,000,000,000 worth of damage.  
And that is not the worst of rats' pests. They are among the most efficient disease carriers that we have. They have taken bubonic plague all over the world. Their connection with typhoid, scarlet fever, diphtheria, meningitis, and tuberculosis is also being investigated. Rats are non-infested creatures, and that alone makes them both dirty and dangerous. They are pests to be attacked relentlessly.  
This modern Pied Piper has no pipe and he has never tried charming rats with music. But he has studied rat character and intelligence and he applies his knowledge to bring about the rat's downfall. After hearing Mr. Nicholas talk about their cleverness it seems likely that rats have changed since the Iliad, town Pied Piper story. The rats of 1923 never hesitated in following the magic tune, we are told. But you cannot avoid the fact that the 1923 rat would merely have smiled rudely at the Piper and have wrapped his tail securely about his legs to shut out the dangerous notes.  
Mr. Nicholas says that rats distinguish between different colors. If bait is put on a number of papers, some red, some white, and some blue, the rats will eat the food on one kind of paper and will avoid the other colors. Presumably they try one type of food and if that doesn't satisfy them they continue to eat it as long as it lasts. If they try the bait on blue paper and like that they will ignore the red and white paper and eat only on the blue.  
Rats are the most cunning of animals, Mr. Nicholas says. He tells of a case in which a basement was overrun with rats who were almost tame. One day a trap was set in the basement. A rat ran along the floor directly toward the trap. Suddenly he saw the danger and tried to stop quickly that he slid on his haunches and caught himself only a few inches from the trap door. He scampered away hastily and evidently spread the exciting news of the trap, for no more rats came out all afternoon.  
That rodents warn one another of danger is further shown by Mr. Nicholas in a story of Lexington, Mass. Several years ago Mr. Nicholas conducted a rat killing campaign in Baltimore and cleared this market of 3,500 rats. For a year, which is about six rat generations, there were no more rats in the market. It may be that the survivors told all of their friends about the terrible massacre of the market place. After that the rats were off or else the tradition became too for the market had to be cleaned out again not long ago.  
However the news of danger is spread, it is evident that rats do possess a degree of intelligence which helps them to avoid danger. They are anything but gullible, and this makes the problem of destroying them the more troublesome. They quite often avoid traps. Predatory animals, such as cats and ferrets, cannot as a rule be used to kill them off in large numbers. Poison, carefully and properly used, is the most effective means of disposing of them on a wholesale scale.  
Mr. Nicholas uses barium carbonate, which is tasteless and odorless. Its action upon rats is slow, so that poisoned animals generally leave a house or barn in search of water and the small quantities used to bait food for rats are not sufficient to kill other creatures.  
The American Pied Piper carries his reasoning about rat intelligence over into his work of poisoning the pests. He knows that rats are suspicious, and so he uses three kinds of bait, perhaps, cheese, apples, and hamburger steak. The rodents do not seem to be able to suspect danger in as many as three kinds of food at one time.  
Food is placed near the hole where it is to be taken fifteen feet apart in baiting an area. No special effort is made to avoid handling the bait. A wild animal might be warned by the association of a human being with the food, but a rat is domesticated. The scent of man is attached to much of the food it eats regularly.  
The rat brain seems to work something like this: The first rat comes out and finds a piece of poisoned food. He sniffs it suspiciously and decides it might be dangerous. He goes a little further and finds a different kind of food. The first kind he avoided as dangerous. He tries the second and apparently it is all right. Other rats follow the example of the discoverer of the food. A banquet follows, then wholesale tragedy.  
The scale on which the rat killing campaign may be imagined from the following case. A Louisiana farm five miles square was overrun by rats that nothing could be successfully grown on it. Mr. Nicholas took 16 barrels of sweet potatoes, 16 cream cheeses and an entire cow, and baited drain ditches for a length of two miles. The result was that 15,000 rats died that night.  
In spite of such sweeping destruction no community has ever been entirely free of rats. A 75 per cent death rate is about the best record made when a city conducted a rat killing campaign. Some rats escape to the country and come back later, and some buildings are not cleaned at all.  
It is not enough for one or two people in a town to fight rats. The entire community must join in the battle and continue the attack after a campaign is over. Houses should be rat-proofed, food shut up in rat-proof containers, and refuse cans kept covered.  
best concert numbers possible for any city to get. Of the four leading concert artists this year in the United States, Janesville will have had two. As a matter of interest, a former concert by Miller and Pattison was given an ovation when critical Boston and the newspapers gave much space to the duo. Now we are to have Casals, another person of established and unquestioned fame, in the Apollo club, list of super-attractions. These are more than passing contributions to the full life in Janesville; they are a part of the highest and best in culture.  
No one seems to want the aid of the Russian army but Russia is ready to aid anyone who will let her fight for them.  
Will Hays writes to say how nicely the Abuckline matter has been settled by Roscoe's becoming a director and how lovely it is for the movies that it is so. Wherein Mr. Hays helps earn his salary.  
The final figure of the cost of running the railroads during the war when the government was operating them was 2,000 million dollars. Yet we have some people who want it kept up.  
It would seem that aldermanic government still needs defense.

### JUST FOLKS

By EDGAR A. GUEST.  
THE TRAINING OF JIMMY MCBRIDE.  
Jimmy McBride was a common sense lad. The son of a common sense mother and dad who had born him and bred him to labor. He'd been taught what a common sense lad understands. That the Lord in His wisdom had given him hands. For handling a pick or a sabre.  
"Your feet are for walking," his father once said.  
"To see with God gave you two eyes in your head.  
And your mouth is for eating and drinking. And that you'll remember, I'm making it plain. You've also been given what men call a brain. And the brain is put in there for thinking."  
"Now you've all the equipment the greatest possess. And some men have risen to glory with less. So don't be afraid, but go to it. Go to it, honest, and do what you ought to be doing. Don't think it beneath you, but jump in, my son. Go straight to your duty and do it."  
When Jimmy came home with the dirt on his head. They never once said: "It's a shame and disgrace! Poor boy, you are worn out and weary!" No pity for Jimmy his labors inspired. His old father said: "It is sweet to be tired. It makes the home-coming so cheery."  
His old mother said, with the pride in her eye: "There's nothing like work to put flavor in pie. Goody in and sit down to your dinner. And they said to themselves when he'd gone to his bed: "His earning his way and he's forging ahead. Our Jimmy McBride is a winner."  
And when their old age came upon them at last No touch of regret stole the joy from the past. Nor envy of happier neighbors: And they thanked the good Lord who had sent them their Jimmy.  
That they'd had the wisdom in dealing with him To teach him the value of labor.  
(Copyright, 1922, by Edgar A. Guest)

### ON THE SPUR OF THE MOMENT

By ROY K. NOULTON.  
When we consider the present cost of living we are bound to believe that while this may not be exactly the best of the free it is most certainly the home of the brave.  
Who's Who Today  
GEORGE LE BOUTILLIER.  
When Ralph Peters retired from the presidency of the Long Island railroad, which holds the office of the division of the Pennsylvania railroad, the other two have filled his prophecy, one is president of the Pennsylvania railroad and the other has been knighted by the King of England and made president and manager of the Canadian National railroad.  
Last month Le Boutillier was called from his home in Harrisburg, Pa., and without any preliminaries was offered the presidency of the Long Island railroad.  
Le Boutillier was born in Cincinnati 57 years ago. At 10 he was a messenger boy during two school vacations in the office of the Pennsylvania railroad. He was then working for the old Pan Handle system at Cincinnati.  
The other two have filled his prophecy, one is president of the Pennsylvania railroad and the other has been knighted by the King of England and made president and manager of the Canadian National railroad.

Le Boutillier was born in Cincinnati 57 years ago. At 10 he was a messenger boy during two school vacations in the office of the Pennsylvania railroad. He was then working for the old Pan Handle system at Cincinnati.  
The other two have filled his prophecy, one is president of the Pennsylvania railroad and the other has been knighted by the King of England and made president and manager of the Canadian National railroad.  
Last month Le Boutillier was called from his home in Harrisburg, Pa., and without any preliminaries was offered the presidency of the Long Island railroad.

## ELKHORN

County Seat News.  
MRS. GRANT HARRINGTON.  
Tele. 111.

Elkhorn.—A daughter was born Saturday to Mr. and Mrs. Daniel Dikely.

The Elkhorn Canning company is receiving next year's supply of cans; the first carload of 107,000 cans came Tuesday.

Clifford Solverson's birthday was celebrated Monday night with a dinner and entertainment at the home of Mr. and Mrs. Elmer Cowles. A half dozen friends were invited.

There is every indication that highway No. 61 from Rockford, Ill., via Beloit, Clinton, Darien, Delavan, Elkhorn, East Troy and Mukwonago to Milwaukee will be completed the first of distance in 1923. This means the building of two federal pieces—Clinton to Darien and four miles between Elkhorn and East Troy. The road means much to the people of Walworth county as well as transient travel.

Highway Commissioner Peters started for Madison, Monday, to see about the matter.

Scott Foster, Ward Bunker, Elmer Matcom and John Tobin have a comfortable cottage on Lauderdale lakes which they have occupied most of the winter and their friends have been liberally supplied with fish. Monday they furnished a supply to Mr. and Mrs. Sam Foster, used for a fish dinner for the Fosters and a company of friends in the evening. The Fosters also sent a cake with candies and trimmings over to the lake cottage for Sam Foster, who had a birthday Monday.

Delavan's Armory.

The important subject for an armory in Delavan is by no means a new one. As far back as during the Civil war, the matter was under consideration and in 1893 the county board adopted a resolution "that the military company known as the Delavan Union Guards be authorized and empowered to procure at the expense of the county a suitable armory and to employ an armory to take charge of the same." An appropriation of \$110 per annum was made. In 1899 the appropriation was increased to \$150 net year in accordance with a resolution introduced by James Aram. The Delavan Guards for many years was one of the strong military organizations of the state. Capt. "Dick" Wilson served for a long period. He was enthusiastic, popular with the men and the success of the company was largely due to his untiring efforts. Captain Wilson moved to California a few years ago and is still alive.

Among the Clubs.

The Monday evening men's card club had a 6 o'clock fish supper at the Elkhorn House, furnished by the long members. A new series of games was organized at George Potter's residence, later in the evening.

An amateur circle meets Wednesday night, the 6 o'clock supper committee being Misses. Alfred Godfrey, Harold Reed and Henry Wales, and Miss Helen Reed. The program is "Our Community in India," Mrs. Reed and "The Village Schools in India," Miss Alice Voss.

Mrs. Edwin House, superintendent, managed a Valentine party Wednesday from 2:30 to 4:30 p. m. for the Congregational Grange, Roll and multi-

ers. Misses. Spinner, Rowe, Mills and Cobb furnished refreshments.

High school News.

The Burlington basketball team will play in Elkhorn gym Friday night. Misses Hazel Keppen, Wynna Davis and Leone Coffey, seniors, acted as substitute teachers last week. Miss Blanche Kline is regular substitute in 7th grade for Miss Watson, and Mrs. Allen, Holton Heights, is substituting for Mrs. Morris.

Rev. Ralph Moore spoke to the students Monday morning on Lincoln. He interested them by giving some personal experiences around old Salem and Petersburg in southern Illinois, where Lincoln once lived.

Personals.

Mr. and Mrs. Glen Vaughn are home from Chicago, where they visited Mrs. Vaughn's brother, Devoy Smith and wife, and Mrs. Vaughn's cousin, Mrs. Olive Leighton. Mr. and Mrs. Vaughn will live on N. Broad street in the Vaughn residence.

Mrs. Forest Matheson returned home Tuesday to Oconomowoc, with Donald Matheson, after visiting her father, L. L. Cobb, since Thursday.

Mrs. J. T. Shearer, East Troy, has spent three days at the home of her daughter, Mrs. Frank Slatery. Mrs. K. Waters, Lake Geneva, was a guest of the two ladies Tuesday.

Mrs. J. T. Shearer, North Church street, went to Madison, Monday to spend the week with her parents.

Mr. and Mrs. Meno Carmichael, Roseville, and Mr. and Mrs. Skelitzky, Columbus, parents of Mr. and Mrs. A. E. Carmichael, returned to their homes, Monday, coming to Elkhorn to attend the christening of their little granddaughter, Russell Jane.

Mrs. and Mrs. Harold Josephson, Delavan, visited the home family, Coma, Sunday. The Ladies' society of Coma met with Miss Mary Josephson, Wednesday.

Mrs. Flora Angel went to Milwaukee Tuesday to remain with her sister, Mrs. Harry Hayes.

A. F. Schleicher, San Francisco, was the guest of Clifford Solverson Tuesday. He was enroute to Indianapolis to attend the Shrine convention.

## WALWORTH

(By Gazette Correspondent)

Walworth.—Frank E. Lawson is ill. Miss Emma Porter, who teaches in Beloit, spent the week-end at her home in Pontiana.

Dr. and Mrs. E. S. Morwin and daughter and Mr. and Mrs. H. H. Lawrence, were Delavan callers Saturday.

Mrs. Joyce Belers, Allen's Grove, spent the week-end with the A. C. Peters family.

## SECRET OF HIS SUCCESS

One of the most noted, successful and richest men of this country in a recent article, said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest help in my life. Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backbone headaches, nervousness and 'the blues,' she should take Lydia E. Pinkham's Vegetable Compound, the medicine which holds the record of helping 88 out of every 100 women who try it. There is nothing better."

# A Brand New Gazette Feature Starts Saturday, February 17th

In keeping with its policy of offering to its readers the best that money can purchase in a daily newspaper, the Gazette has secured the exclusive publication rights for Southern Wisconsin for a brand new contest feature entitled, "The Title Picture Feature."

## WHAT IT IS

A three-column humorous picture is published in the Saturday-Sunday Week-End edition of the Gazette each week with a request that each reader select a title most appropriate, and forward it to the Gazette. The following week a two-column reproduction of the original picture appears, together with the list of winning and honorable mention titles. At the same time another new three-column picture appears. A prize of \$2.50 will be awarded each week to the reader submitting the appropriate title.

## Profitable Pastime for Every Member of the Family

After Sunday dinner have every member of the family think up an appropriate title and send them all to the Titles Editor. In this way a little family test of wits is organized each week and the winning member is rewarded with a cash prize or honorable mention.

## SATURDAY, FEBRUARY 17

the first installment picture of this new feature is published in the Big Saturday-Sunday Week-End edition and you will want to follow each installment closely in order to keep in touch with the winners of the preceding week.

## Order the Gazette Sent to Your Home Now

Do not miss a single installment. Tell your friends about the new feature so that they may place their order for the Gazette in time to receive the first picture published. Write or call the Gazette Circulation Department for information about the Gazette Commission Plan, whereby you may secure your friends' subscription and receive extra commission in cash or credit.

# Get Your Bible Today

Now the big distribution starts, and every reader who presents three of the Bible Coupons as explained in the daily announcements, will come into immediate possession of the greatest of all great pieces of literature, The Bible—which is now being distributed by leading newspapers throughout the land. Choose either style, the large Red Letter volume illustrated herein, or the less elaborate Style B. Both styles complete, as to contents.

## What Four Great Writers Say of the Bible

ITS WONDERFUL LITERARY AND MORAL VALUE

Macaulay Says: "If everything else in our language should perish, the Bible would alone suffice to show the whole extent of its beauty and power."

When Walter Scott Lay Dying, he said to his son-in-law: "Lockhart, read me something from the Book." Lockhart asked, "What book?" Scott replied: "Why do you ask? There is but one Book—the Bible!"

Coleridge Says: "Intense study of the Bible will keep any writer from being vulgar in point of style."

John Richard Green Says: "As a mere literary monument, the Bible remains the noblest language of the English tongue, while its perpetual use made it from the instant of its appearance, the standard of our language."

## The GAZETTE

invites its readers to call today and take their choice of the two beautiful volumes

### STYLE B

Plain limp binding, medium large print, red edges, round corners and gold lettering—

# Janessville Gets Women's State Bowling Tourney for '24

## PICK MRS. GLEASON STATE PRESIDENT; BRINGS 60 TEAMS

Milwaukee—Janessville will play host to both the men and women bowlers of the state next year. Recently at a meeting of the men's Wisconsin association, Janessville was chosen as the site for the 1924 tournament. It will bring approximately 60 teams to Janessville.

Mrs. Jean Gleason, a Janessville bowler, was elected president to succeed Mrs. Jean Knapp, Milwaukee. The latter will remain in an official capacity, succeeding Mrs. Thomas, Beloit, as vice president and Mrs. L. Dickman, an expert bowler from Oshkosh, as treasurer.

Two Milwaukee women were chosen as directors, including Mrs. V. E. Mannard and Mrs. Schroeder. Other directors: Mrs. Frank Klavin, Oshkosh; Mrs. A. J. Appleton and Mrs. C. Slevert, Manitowish.

## Busy Man's Sport Page

By FRANK SINCLAIR

SNOW may fly and winds may blow, but it will not be long before baseball will crack and gloves will smack with the resounding thuds of good old baseball. Before the National league baseball schedule looks like real business. In a day or so teams will be wending their way southward to the undulating grounds and the veterans will say, "the 'proving grounds'." It has been a busy winter in the stove league and one question is yet to be settled—the draft postponement—yet, the season will start off in good shape.

WHILE the redistricting of the state into 16 zones for high school basketball tournaments is meeting with some opposition in the end it will work to the good advantage. It is taking time to put the plan over. It is taken for granted there will be no first year, but after a year or two, when it is established, things will roll along better and be just as the ideal for the schools, which is the most important matter to consider.

WHAT does it profit a town to go into the highways and sidewalks, pick up a bunch of ringers and play them as that town's team? Nothing. Should they win, there is no glory for it, if they lose, it is worse than if the regular team of that city were to be defeated. If a man has a battle to fight, he should fight it in the end he must fight it out himself anyway. The same is true of any city. Ringers like it, however, for they believe what Barnum said about suckers.

GOOD news comes from Janessville high school. The football team next year will be fully equipped with uniforms and there will be plenty of equipment for 40 men. That sounds like business. It means there naturally will be a greater interest in the game, the student body in the great fall sport. It means that whereas there were but a handful of candidates several years ago, there will be close to 100 from now on. Let's go, Janessville.

ADOPTION of the same athletic rules by every school in the state for the handling of high school sports will go a long way toward systematizing conditions. It will work to bringing about a better situation and a closer understanding of the rules to help to better competition where state lines exist and interstate competition is held.

McNamara and Stockholm lead six day bike race at Chicago.

Janessville awarded 1924 women's state bowling meet.

Scraps About Scrappers—Pinkey Mitchell, Milwaukee, gets decision over Johnny Tillman, Minneapolis, in welterweight fight at Milwaukee. Bobby Ward, former Beloit, last, knocked out by Stanley Sakri, Illinois university, at Peoria. Sakri celebrates reinstatement by French by purchase of champagne.

Football rules committee to meet in New York Mar. 6.

Basketball—Wisconsin plays at Michigan Wednesday in important contest. Don Miller, Notre Dame center, lost to squad with broken hand.

Northwestern university begins spring football training.

Stove League Kidding—Numbering of baseball players may be done in major this year. Major leagues plan to back over eastern circuit of Brooklyn, Baltimore, Newark, Toronto, Montreal, Washington and Providence. National league puts Eube Benton on up to Landis.

Great Britain challenges for Davis tennis cup held by U. S.

Sennett Shoots Lakota Benedicts to 17-16 Victory

Lady Luck smiled on married men of the Lakota club Tuesday night. As a result they triumphed over the single men, 17 to 16, in a basketball thriller staged as a feature of the club's annual roller skating party at the Coliseum rink. It was deliciously sweet revenge for the husbands who, for the past three years, had been forced to admit the supremacy of their unmarried brethren in basketball.

A free throw by Kuhlman in the last two minutes of play, when things looked darkest for Capt. George Sennett's five, gave the married men the victory. The Sennett troupe was leading, 15 to 2, in the last half when the singles uncorked a burst of speed and grabbed the lead. The free throw goal, tying the score. The winning point followed a minute later on a questionable foul called by Referee William Kober. Sennett, with five baskets and 25 points, starred for the winners, while Sherman and Cassidy were the mainstays of the losers.

Despite zero weather and outside attractions, more than 125 enjoyed the two hours of skating after the game. Falls added fun to the festivities. The Denning brothers led the grand march. "Hot dogs" were served by a committee of Phelps Lee, Marvin Dudley, Robert Johnstone, Earl Laird and James Quinn. Frank T. Birmingham was chairman of the general committee.

Lineups for the basketball game were: Married men—Kuhlman, cf; McVicar, lf; Grimsbach, c; Leary and Sackby, rf; Sennett, rg.

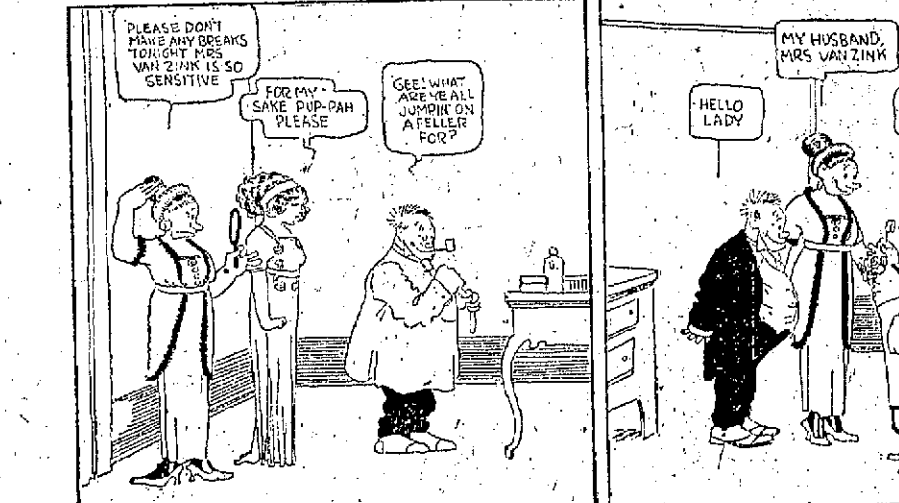

Singles men—Cassidy and Kennedy (capt.), cf; Drew and Denning, lf; Kalvelaga, cf; Sherman, rg; Morse and Drew, lf.

Timekeepers—S. Ryan and Clark.

CLINTON IS DETAINED BY SEVERE WEATHER

Because of the severe weather Tuesday night, Clinton high school girls' team was unable to come to Janessville to play the Y. W. C. A. FIFIELD for Fuel. Phone 109.

## Uniques Leading Cribbage League

CRIBBAGE STANDINGS	W.	L.	Pct.
Uniques	177	138	.562
Lakotas	213	267	.507
Eagles	211	269	.507
K. of C.	215	275	.488
Buttermilks	201	216	.486
Moose	145	170	.460

Though they did not play last week, the Uniques club still holds first place in the city cribbage tournament with a percentage of .562. The race is tight, not more than 40 points separating any club.

In the last series played, the Lakotas defeated the Buttermilks by 13 games, 59 to 46. There are still two matches left over from last week, the Eagles vs. Knights of Columbus and the Moose vs. the Uniques club.

Matches scheduled for this week are: Eagles vs. Buttermilks, Moose vs. Lakotas.

These will be the final games.

Tuesday, the K. of C. beat the Eagles, 58 to 47.

## BRIEFS BY WIRE

Washington—High administration officials said President Harding had approved the plan for reorganization of the governmental departments and bureaus under which the war and navy departments would be consolidated in a single portfolio, designated as Department of Defense.

Washington—Announcement was made that President Harding would call another meeting of state governors for discussion of prohibition.

Tokio—A plot to blow up the buildings and banks of Seoul, Korea, was frustrated by police according to dispatches.

Chicago—Directors of the American Wholesale Lumber Dealers Association, vote amalgamate with the National Wholesale Lumber Association with headquarters in New York.

## 18 New Uniforms for Blue Eleven; "Unis" Now for 40

When the football season of Janessville high school rolls around next year, there will be sufficient equipment for 40 boys. This was announced by C. V. Klintz, head coach, who is working on next year's purchases. The first team will be fully equipped with new uniforms. This will not include shoes and headgear, however, these articles of apparel being inadvisable to purchase on account of the many changes in sizes necessary in boys coming and going each year.

Purchase will be made this year of "unis" for 18 men, said Mr. Klintz. With the material left over from last season's eleven and other odds and ends, outfits for 40 will be possible.

"We will be able to purchase these outfits, and have them all of good stuff, without going into debt," he said.

There is a possibility that Janessville high will go in for track this spring. In that event, equipment will be procured for the athletes.

Whether the Blues will continue baseball is a question not yet decided.

## Fort Beats Jeffs in Substitute Go

(SPECIAL TO THE GAZETTE.)  
Fort Madison, Mo., Feb. 13.—Through the Jefferson Wagon came back strong in the second half, they lost to the Fort in the first half, here Tuesday night, 21 to 10. Jefferson, much to the thanks of the Fort, substituted at the last minute for Harland, which was unable to get through on account of the heavy snow drifts in the open country.

The contest turned out to be a smashing battle. It was fast and clean. It gave the fans all they were looking for.

Next Tuesday, Edgerton plays here.

## Schools of Midwest Plan to Coordinate Rules on Athletics

Edgerton—Coordinated rules for the conduct of athletics in all secondary schools in the middle west will be suggested to the Midwest Athletic association for secondary schools at Cleveland, Feb. 25. This was announced here Tuesday by Fred J. Holt, Edgerton, chairman of the rules committee of the M. A. A.

"We are striving to make the same rules apply to high schools in all states in the association," said Mr. Holt.

The national meeting of school superintendents will be held at Cleveland at the same time. Mr. Holt will attend.

## BRIGHT SPOTS APPEAR AT BELOIT WEDNESDAY

Beloit—The Milwaukee Bright Spots will play the Beloit Fairies here in a two game series Wednesday and Thursday nights. The contests start at 8 p. m. There will be the last games for the Engineers before they depart on their eastern invasion. The Brights lost to the Fairies on New Year's in a double overtime battle, 28-26.

## Badger Racing Circuit Formed; Nichols Leads

Oshkosh—The Wisconsin Racing association was formed here by 30 well known horsemen of the state. The association has as its object the lengthening of the racing season by several weeks through staging two day meetings in various cities. Officers chosen were president, John C. Nichols, Shubogyan, and secretary, August Spitzer, Luxemburg; treasurer, J. H. Finch, Stevens Point; directors: W. W. Quinn, Westfield; A. J. Koebner, Cedarburg; Ed. Jess, Wausau. The association is to be incorporated for \$5,000.

## Lions Den Teams Standing in Order

LIIONS DEN LEAGUE	W.	L.	Pct.
Foots No. 1	177	138	.562
Casey No. 2	112	9	.921
Back No. 3	9	12	.429
Huebel No. 4	7	14	.333

Teams in the Lions Den league are now in numerical progression as far as standings are concerned. The Back crew came out of the cellar Tuesday by taking the lead from the leading team, the Foots, who were leading three straight. Scores:

Huebel's 133 145

## Women Trim Men and Tumble 812

If Janessville's women bowlers roll as well at the state tournament at Milwaukee Thursday as they did here Wednesday night, they will be leading in the money. The C. Grant Ladies, who will represent the city at the meet pitted up 1,550 pins in two games and defeated the men of theVarsity by 83.

At the same time, they set a new season's record here for a single game rolled by women, hitting 812 in their second. Mrs. McLaughlin hit a score that is third high for the season, a point of 208. She made 282 in two games.

## Women Trim Men and Tumble 812

Casey's	W.	L.	Pct.
M. Matthews	144	148	.493
Mrs. Knapp	144	148	.493

415 138 157-710  
148 64 71-2105

Single game, C. & N. W. Warehouse, 452.  
Cunningham, 222.

## Revamped Blues Meet Edgerton Here on Friday

With team work improving, though still lacking in a good basket shoot, Janessville high may pick a change of lineup against Edgerton here Friday night. The teams will play in the new high school gym, the game between the regulars starting at 8:30 p. m.

The second teams of the two institutions are due to clash at 7:30 p. m. Coach Klintz indicates Tuesday he would make a shift in his men for the Edgerton contest. The 14 to 13 defeat suffered by the locals at Edgerton several weeks ago still rattling as a sore thumb and the Janessville men is bound it will not occur on the floor here. Practice in the new gym has been handicapped because of trouble with the lighting system.

The closeness of that last contest will bring forth some great action when the squads meet again Friday. It will be a game that should pack the gym's 800 seats to capacity.

Edgerton will clash at 7:30 p. m. Tuesday night to postpone its game with Oregon because of sickness on the football city squad. Some sort of a team, however, will be brought together for the game here, said Fred J. Holt, Edgerton, superintendent, on Tuesday.

The second teams of the two squads will clash at 7:30 p. m. Tuesday night. The game will be a close one, as the last meeting, Edgerton was victorious. By agreement, only eligible men will be used on each quintet.

The Janessville second team is coming along in fine shape. It is composed mostly of men who have two or three years yet to go in school and the material promises some good things for next season's regulars. The seconds appear to have a couple of men who will become good basket shots.

CHEVROLET CLUB HOUSE IS OPENED

Old Samson School to Have New Use—Whipple Is Manager.

As permanent headquarters for the Chevrolet Motor company officials and their guests, the former Samson school on Milwaukee street will be opened next week as the Chevrolet club house, with Cash Whipple, undersheriff of Rock county, as manager.

Mr. Whipple took charge of the clubhouse, one of the most beautifully furnished places in Janesville. Wednesday, and had a force at work cleaning the rooms and putting it in shape for the coming of Chevrolet officials from the local plant. The clubhouse has not been used all winter and only a caretaker has been in the place.

The first dinner will be served officials of the Chevrolet Monday night, when plates for 50 will be placed. No further improvements are expected to be made in the building or grounds for the present. It was said, the place having been kept in excellent shape. On the first floor, those who have been in the building at social functions will recall, is a large dining room, lounge room and another large room suitable for lectures or dancing. One entrance leads to the large porch which overlooks Rock river. The second floor comprises the sleeping quarters where there are 28 rooms, all beautifully furnished. At both ends of the corridor are two private suites.

Mr. Whipple will be directly in charge and under him will be Charles Garbutt, as head cook, and Mrs. Garbutt will be head waitress. Mrs. E. Edwards will be the matron, and in addition a chambermaid and janitor have been employed.

Mr. Whipple is fitted for the position of manager, having for several years conducted restaurants in Beloit and Rockford prior to his election as sheriff of Rock county in 1913-14. He then became manager of the Rock county poor farm and asylum, a position he held for three years, resigning to go east on account of his late wife's health. He was re-elected sheriff for the term of 1921-1922 and was appointed undersheriff when Sheriff Fred Bailey took office in January. Mr. Whipple will serve in that office only in emergency, it is understood.

Casals Is Given Great Receptions in Leading Cities

Reviews and comments on the playing of Pablo Casals, violinist, who comes to the Congregational church Monday night under the auspices of the Apollo club, pour in from every city where this great musician plays, and by reading the reviews people are coming more and more to appreciate what a well known figure in the musical world Casals, a Spaniard, is.

He played in Milwaukee for the second time Sunday and there the audience was enthusiastic about him. Mrs. C. F. Mead, noted critic, said many commendatory things about his playing and about himself, among them being the following comments:

"It is positively uncanny to see an audience sit through two hours of continuous, unrelieved cello playing of the most crude music, as though completely hypnotized, with not a particle of the restlessness that so often characterizes audiences."

"His cello has all the edge and vitality and carrying quality of a perfect violin, plus the sonority that belongs to it by right, and through this medium he does a tone that is as graceful as the flight of a butterfly. Nothing of the labored effort which is so often associated with a cello. Anything more fluid than his bowing in legato passages can not be imagined. Every tone sings through without even a thread's width to mar its perfection."

"A performance that must be heard, for it cannot be described."

"Fancy, all these on a cello. It is not to be equaled. Such genius comes once in generations."

In securing this great musician, whom Fritz Kreisler calls "the greatest musician who ever drew a bow," the Apollo club is again offering to the public a masterpiece which can be equaled only in the largest cities, and then seldom.

Gravel Company Must Pay \$1500, Result of Cave-in

Judgment for \$1,500 in favor of Mrs. Emily Simpson, 830 Fremont street, against the Wilcox Sand and Gravel company, as the result of damage to the former's property through excavation on two sides of it, was granted by Judge George Grimm in the Rock county circuit court Tuesday.

Testifying were R. H. Simpson and H. O. Mathern. The excavating on the land adjoining the Wilcox Sand and Gravel company's yard, in a cave-in on the Simpson property.

Two minor matters were heard, one being the ordering of a foreclosure on a real estate mortgage of Kate B. Welch vs. Arthur E. Badger et al.

TRINITY TO HAVE LENTEN SERVICES

Lenten services at Trinity church open Wednesday with holy communion at 7:30 a. m. and morning service and communion at 10:30 a. m. and evening prayer and sermon at 7:30 p. m.

On Sunday during Lent, holy communion will be at 7:30 a. m. church school 9:30 a. m. holy communion and sermon at 10:30 a. m. and evening prayer at 7:30 p. m.

A lecture on church history will be given every Monday throughout the Lenten season at the parish house at 7:15 p. m. On each Tuesday, holy communion will be held at 7:30 a. m. and on Thursdays at 10 a. m. Evening prayer and sermon will be held at 7:30 p. m. each Wednesday and each Friday there will be evening prayer and reading at 4 p. m. at the parish house.

SCIDMORE OUT OF MILWAUKEE HOSPITAL

C. W. Scidmore, former county motorcycle patrolman, was in Milwaukee, Tuesday, following his release from seven weeks' confinement in the Milwaukee General hospital with a broken collarbone, seven fractured ribs and a splintered left shin.

He was injured while switching in the Milwaukee terminal of the St. Paul road in December. Working one night as an "extra," he fell 15 feet off a "bad order" box car which had only one rung of a ladder, and that at the top.

Scidmore says he passed an examination last week for Milwaukee county motorcycle patrolman and expects to start work when he has recovered completely.

SOCIETY PLEDGES MEMBERS NOT TO WED U. W. COEDS

(BY ASSOCIATED PRESS.)

Madison—A "Society for the Welfare of Male Students" is being organized among men at the University of Wisconsin, pledged against marrying college women. It was formed Tuesday. Those rushing the society refuse to allow their names to be used.

The new organization, in addition, plans to lead off the growing influence of women in university affairs and to put a curb on expensive social functions that the co-eds are fostering.

Primarily, it is explained, the society wants to influence men against marrying the college women who, they claim, are "unfit to become mothers" after their university experience.

Parole Is Sought for Young Dallman on Edgerton Crime

Application for the parole of William Dallman, 19, Edgerton youth who confessed to burglarizing the Hedges Lumber company office in that city, was filed with Judge H. H. Maxwell, Tuesday, by Attorney E. H. Ryan.

The court will act on the petition after conferring with E. M. Jostad, after parole officer, expected here. Dallman is held in jail under sentence of 18 months in Green Bay reformatory, on which the quarantine in effect several weeks has just been lifted.

Dallman's pal in the crime, Lester Schmeling, also of Edgerton, had his case adjourned one week, when arraigned Tuesday.

"Law violators are committed to penal institutions for two reasons, first as a warning to others, and second, for the reformation of themselves," the court told Neil Johnson, Porter township lad, arraigned for stealing a calf and breaking into a schoolhouse. "If he is the first purpose has been served and it now remains for you to accomplish the second. Go to church more often and try to make a man of yourself. I adjourn your case until Mar. 25. Bring your father with you at that time."

Within a short time every room in the new high school building will be used all of the six periods that school is conducted—from 8:30 a. m. to 4 p. m. The first purpose made to the board of education Monday night by Supt. F. O. Holt.

"At present," said Mr. Holt, "during the first period there are three vacant rooms; second period, same; third period, two rooms; fourth period, four rooms; fifth period, five rooms and sixth period, eight rooms. How in a few days, the two parochial schools will come to the new high school building for their manual arts and domestic science work will occupy practically all the vacant rooms."

While it had at first been planned for each teacher to have her own room, in which no classes would be held, but her own, this plan could not be carried out because of the large enrollment.

The Rev. William H. Eggers, St. Patrick's church, Edgerton, has been secured by the Rev. Charles M. Olson to give a series of sermons every Wednesday night during Lent until the mission begins, March 11. The Rev. R. J. Shaw, professor at Loyola Academy, Chicago, and cousin of Dr. W. H. McGuire, this city, spoke at St. Patrick's church last Sunday and will be here every Sunday to preach until after Easter.

Lenten services at St. Patrick's will be as follows: 7:30 Sunday nights, way of the cross and benediction; 7:30 Wednesday nights, sermon by the Rev. Oswald Ulrich and benediction; 4 p. m. Friday, way of the cross and at 7:30 way of the cross with benediction.

At St. Mary's: 7:30 Sunday nights, way of the cross and benediction; 7:45 Wednesday nights, sermon by Father Eggers and benediction; 3:30 Friday, way of the cross for school children and others who care to attend; 7:45, way of the cross and benediction.

St. Mary's church is planning to hold a mission beginning Sunday, March 11, the first to be held in this church in several years.

FUGITIVE IS RECAPTURED RACINE.—The police department has been notified of the capture at Detroit of Fred Caldwell, colored, who broke jail here in May, 1920, while being held on a charge of burglary.

THREE GIVEN FINES

Wausau—James Dowling and Philip Tinsley pleaded guilty in municipal court to violation of the state dry laws and were fined \$150 each. Stanley Arkoski was fined \$200.

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowels to move the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—cannot gripe. Try it today.

**Nujol**

A LUBRICANT—NOT A LAXATIVE

Physicians advise keeping the bowels open as a safeguard against Gripe or Influenza.

**Nujol**

A LUBRICANT—NOT A LAXATIVE

Physicians advise keeping the bowels open as a safeguard against Gripe or Influenza.

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowels to move the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—cannot gripe. Try it today.
